The following applies to customers who are installing their service & equipment on their own:

- visit www.att.com/uversewelcome for easy access to everything you need to know about U-verse, including: checking your order status, changing your Service Activation or Installation Date, prepping for installation, using U-verse features, learning about your first bill, and more
- **IMPORTANT:** A telephone jack is required near your modem or wireless gateway to ensure your Internet services work properly. A jack must be installed prior to installation. An AT&T professional technician can install the jack; contact Customer Service to schedule an appointment.
- you will receive your Self Installation Kit one to two days prior to your Service Activation Date (a notice will be sent when your kit has shipped)
- service activation details are enclosed in the Self Installation Kit with your new equipment. Please follow the instructions in the self installation guide in the box with your new equipment.
- your Internet service will be active by 2 PM on your Service Activation Date
- you will experience an interruption in your Internet and phone service on your service date. Your phone service and your Internet connection will be restored after you install your new equipment
- wait until after installation before cancelling your old services
- have your Account Number and four-digit Passcode ready when you install your service. Your Passcode will be mailed to you separately

U-verse

- The rate plan(s) and other details about the U-verse TV, U-verse High Speed Internet and U-verse Voice services are set forth in this Customer Service Summary. Prices, programming, and offers subject to change. Pricing excludes taxes, fees and other charges, including a federal regulatory video cost recovery charge, city video cost-recovery fees, where applicable, and will include a Broadcast TV Surcharge of up to \$2.99/mo. Separate purchase of adapter may be required for wireless networking. Acceptance of Terms of Service is required. Some promotional rewards may not be available if you cancel the service within 30 days of activation or before your redemption is processed. AT&T U-verse High Speed Internet speed claim(s) represent maximum downstream speed capabilities. Speeds may vary and are not guaranteed. Many factors can affect actual speeds including the use of other U-verse services. Installing new outlets or wiring for more than three receivers and/or additional PC(s) may result in installation charges (\$55 per outlet + \$20 if a wall drop is required). If you do not own your premises, prior to installation, you must obtain permission from the owner (or authorized representative) to allow AT&T to use the premises' inside wiring and to make required alterations to the property. A \$5.00 fee will be applied if you downgrade a Premium Package within the first 30 days of ordering. AT&T U-verse Voice service only: Battery backup power is required for service, including 911 dialing, in the event of a power outage. Rarely, installation of AT&T U-verse may not be possible at your address. Some customers may not be able to view and/or record multiple channels of live HD programming.
- Billing begins on your Service Activation Date.
- For more information about AT&T Broadband Internet access services, please visit att.com/broadbandinfo.
- U-verse price includes 250 GB of data/mo. For more information go to att.com/internet-usage.
